

# PTSG

(Parent, Teacher Support Group)

*Working together so all our children can flourish.*

Tawhai School has strong values to guide our precious children in growing to be confident and empathetic global citizens in the ever-changing world.

The Ministry of Education provides funding to schools to deliver the NZ curriculum but as does every parent, we at Tawhai School want more for our children – we want our children to flourish.

The PTSG is made up of parents and whanau who generously share a little bit of their time or brilliant ideas to raise funds for all those nice little extras that help make a child's time at Tawhai School a wonderful experience.

*Together we can make  
a difference!*

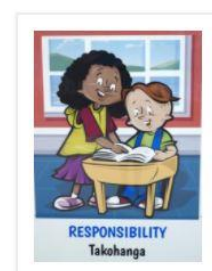

We raise funds to provide equipment for every classroom to enhance wellbeing.

We find opportunities to celebrate the many different cultures and diversities of our Tamariki.

We provide an environment where parents can get to know each other and form lasting relationships.

We facilitate social events, enhancing community spirit and encouraging whanau participation in school life.

Any time you can spare or ideas you have will make a massive difference. Join our committee and help us create opportunities for your child to embrace our school values and flourish.

Contact [ptsg@tawhai.school.nz](mailto:ptsg@tawhai.school.nz) for more details or come along to our meetings held in the staffroom.
